Note to Physician: Atropine is antidotal

DIRECTIONS FOR USE

Its is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR ROACHES, WATERBUGS, ANTS AND SPIDERS: Wipe or clean surfaces before applying. Place tape or patch wherever roaches, waterbugs, ants and spiders crawl or nest.

FOR WASPS, BEES, HORNETS AND YELLOWJACKETS INSIDE ENCLOSURES: Use to kill and prevent wasps, bees, hornets and yellowjackets from nesting inside telecommunications or electrical enclosures. If necessary, flush out insects with EPA-registered product before placement. Wipe or clean surfaces before applying the product inside such equipment as aerial terminals, pedestals and cable enclosures, electric meter, traffic controller or junction boxes and other outdoor telecommunications or electrical apparatus.

IF USING INSECT PATCH IN ABOVE APPLICATIONS: Either cut Insect Patch to fit equipment or apply entire 6-in. x 4-in patch according to the equipment size. Expose adhesive layer on Insect Patch by carefully peeling release liner away. Store unused section of Insect Patch in zip lock bag provided. Do not place the INSECTAPE or INSECT PATCH in exposed locations where direct contact with children, pets food or clothing is likely to occur.

FOR INSECTAPE APPLICATIONS: Do not use more than 12 1-in. x 4-in. strips or two 6-in x 4-in. patches per 3 cu. ft. of equipment.
